SOHO COFFEE TABLE - ROUND

With its imposing stage presence this fixture is meant to take center stage: a circular table in refined marble revealing contrasting colors ranging from an elegant light grey to more intense and vibrant nuances. With its veined marble variations, the central part, in marble too, brings a true richness to the object's outline. The marble chromatic abundance and the material's lavishness are balanced by the geometric shape of the pale wood legs.

DIMENSIONS

Diameter: 35.43"
Height: 15.35"
